

IOS Press

Company Story

IOS Press is an independent international scientific, technical, medical (STM) publishing house established in 1987 in Amsterdam. We produce around 90 journals and 70 books annually in a broad range of subject categories, primarily specializing in biomedical and life sciences (including neurosciences, medical informatics, cancer research, rehabilitation) and physical sciences (including computer sciences, artificial intelligence, engineering). In addition, we offer specialized services that support scientific advancement.

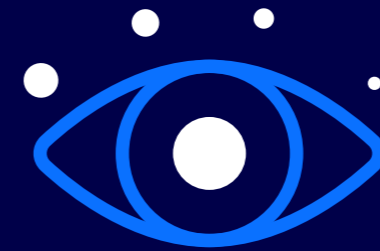

Mission & Vision

Mission

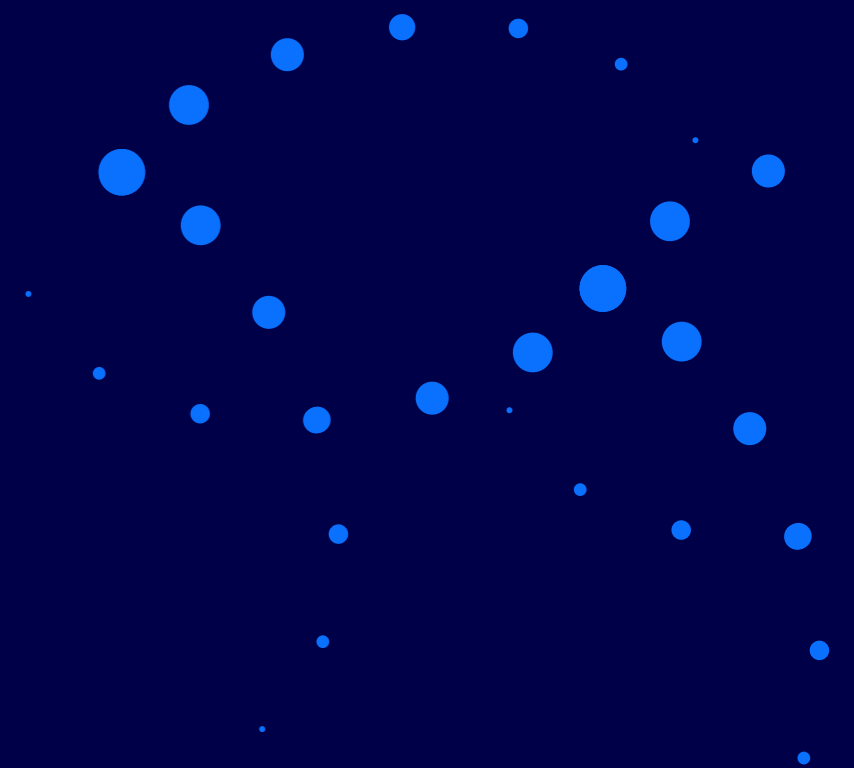

To collaborate with the global scientific community by publishing content and offering specialized, flexible services that elevate quality, accessibility, and impact of research.

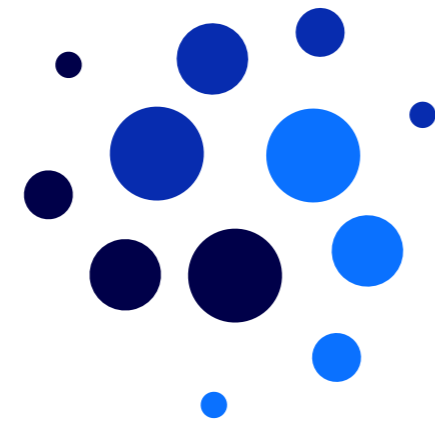

Vision

To contribute in a meaningful and innovative way to a trustworthy scientific ecosystem that furthers our understanding of the world.

Our tagline Accelerate Research. Increase Impact.
